Members: Alex Rea, Emma Capirchio, Gabriel Carillo

This week I worked on:

- Gabe
  - Create task
    - User can now create tasks within a list
    - Create a task modal complete
  - Create list
    - User can now create lists
    - Create a list modal complete
  - Sharing
    - Users can now view shared lists with other users
    - Share button – started but finished
- Alex
  - List View Page
    - User can now view tasks from list
    - User can now edit tasks from list
    - Favorite task now shows star next to task title
    - User can now delete tasks from list
  - CRUD operations for the tasks finished
  - CRUD operations for lists built but not implemented
- Emma
  - Creating a new user level column in the database
  - Admin Homepage – page it brings person to if their user level is marked as admin
  - Password Reset – sends an email to the user to reset their password

In the upcoming week I plan to:

- Gabe

- o Favorites page – page for viewing favorited tasks
- o User Homepage Dashboard – finish the view for the dashboard
- o Search tasks and lists function
- Alex
  - o Today page – page for viewing tasks due today
  - o Upcoming page – page for viewing tasks due in the next 7 days
  - o User profile page – page to view profile settings
- Emma
  - o Password Reset Form – page that the email will bring the user to

Impediments/roadblocks

- Gabe
  - o Issues with modal layout placement - resolved
- Alex
  - o Issues with confirm delete functionality – resolved
- Emma
  - o Issues with the password reset token – still working
